Anshika Singh

PROFILE

Motivated B.Tech 3rd year Computer Science student with a strong foundation in programming, data structures, and web development. Passionate about building scalable applications and solving real-world problems. Eager to apply technical skills and gain hands-on experience through internships and projects.

PROJECTS

**1.Flavour Lab (HTML, CSS, JavaScript) **

mar-2024 - june-2024
Designed and developed a responsive food website using HTML, CSS, and JavaScript to showcase menu items and food categories. Implemented interactive UI components and smooth navigation to enhance user experience and engagement.

**2.AI-Based Mock Interview System (Mern Stack SaaS Application) **

aug-2025 - nov-2025
Developed an AI-based interview prep platform using React, Node.js, MongoDB with resume-based question generation via LLM APIs and integrated Razorpay payment system for credit-based access.

**3.StayEasy – MERN Stack Property Listing & Bookin **

feb-2026 - april-2026
Developed a full-stack MERN application for booking and listing properties including villas, flats, PGs, and shops. Implemented user authentication, RESTful APIs, and responsive UI for seamless property management and booking.

CERTIFICATE

Generative AI Literacy

Certified in Generative AI Literacy with knowledge of prompt engineering, AI tools, and real-world applications. Skilled in leveraging generative AI for automation and content creation.

Full stack workshop completion (Softpro India)

Completed Full Stack Development Workshop by Softpro India, covering frontend and backend technologies. Gained practical experience in building web applications and working with databases.
